MVMC Celebrates First Year of Operation in the New Facility

by Dottie Fossel, MVMC Board Chairman

The Madison Valley Medical Center (MVMC) will have been in its new facility for one year on March 16th. It is hard to believe that a year has gone by since community organizations and their members came together with pickup trucks and hand carts to help with the physical move. To celebrate and thank the Madison Valley community members the Auxiliary of the MVMC is planning to serve cake and punch from 2pm to 4pm on March 16th in the Medical Center Lobby. Door prizes will be offered to attendees.

It has been a year of growth and change for MVMC, not only the physical move to the property adjacent to the hospital-clinic built in 1950, but also the implementation of a new software system. The Medical Center board hired Cyprees Health Care, a hospital management company, out of Deer Lodge, who in turn hired Tom Mitchell as Chief Executive Officer. In addition, there has been a complete change in medical providers. Presently MVMC has Drs. Shane Anderson D.O., Curtis Blake M.D., R.D. Marks M.D. and Cary Wilson P.A.-C. on staff.

The Medical Center has some new employees, but has retained many dedicated department heads and employees who continue to serve the community with quality care close to home.

To enhance revenue MVMC has a joint venture with local artists and Donna Evans, Art Coordinator. The artist's work that is for sale is featured for the benefit of both the artist and Medical Center. At the same time it beautifies the walls of the North Side Gallery. The auxiliary has just opened a small boutique opposite the reception desk.

MVMC Board and Employees and Auxiliary, as well as the MVMC Foundation Board Members ask the Madison Valley Community Members to celebrate the Anniversary of the opening of MVMC on Tuesday, March 16th from 2 – 4pm in the Medical Center Lobby.

For more information please contact MVMC at (406) 682-6862.
