Former MVMC Foundation President, Dave Hajny Receives Appreciation Award

by Dottie Fossel

The Madison Valley Medical Center (MVMC) governing board recently hosted a joint retreat with the MVMC Foundation Board of Directors. The purpose of the retreat was to facilitate communication and discuss the challenges both boards encounter. "This was a good opportunity to share ideas and solutions", said Dottie Fossel, Chairman of the MVMC governing board, "and to renew our commitment to work together to achieve our common goal to support the medical center through the coming year". Tony Pfaff, CEO of Cypress Healthcare facilitated the discussion. Also present were Tom Mitchell, CEO of MVMC and Loren Jacobson, director of business and finance.

A social and potluck were enjoyed after an afternoon of discussions. The retreat presented a good opportunity for MVMC governing board members to show their appreciation to Dave Hajny, outgoing Foundation President. Dottie Fossel expressed appreciation to Dave for his many years of leadership. "Dave Hajny has been a dedicated leader, facing the challenges of raising funds for the medical center for many years," Fossel said. Dave will remain an active foundation board member; however the organization has been chaired by Mary Oliver since May.

The Madison Valley Medical Center Foundation was established in 1988 to generate private financial support for the then Madison Valley Hospital & Clinic. The Foundation is a non-profit corporation, governed by an independent board of directors that administers all philanthropic gifts to the Madison Valley Medical Center and its programs.

Through philanthropic partnerships, the Madison Valley Medical Center Foundation (MVMCF) strives to ensure that services and programs at the Medical Center will continue to meet the needs of the people living in and visiting the Madison Valley. The Board of Directors are volunteers who are dedicated to improving healthcare in our community.
