5:30 – 5:45 p.m.Remarks

6:00 p.m.Unveiling ceremony

Where: Main Entrance Lobby, Madison Valley Medical Center

The new donor wall is a symbol of our deep gratitude for our donors' support of the five-year capital campaign that enabled us to build a new Madison Valley Medical Center.

Commissioned by Ted and Heidi Gildred, the donor wall artwork was designed by Harmon Nelson Design of San Diego, CA and was installed by Signs West of Ennis. The wall features a blue mountain river stream, copper fish and river rocks, with silkscreened names of those who donated between 2005 – 2010.

The new 36,470 square-foot Medical Center opened in March 2009, providing patients with access to 24-hour emergency care, internal medicine, family care, physical therapy and an extensive range of outpatient services. To-date, the Medical Center has accommodated more than 25,000 visits for a variety of treatments keeping quality care in Ennis.
