OUR MISSION

Madison Valley Medical Center Foundation is a community based, not-for-profit corporation which exists to inspire gifts and grants from individuals, foundations, corporations and other entities to support the health and well-being of people in Madison County and adjacent communities throughout southwestern Montana.

OUR VISION

Madison Valley Medical Center Foundation will be the premier organization for ensuring the understanding and funding of health and wellness needs in our region.

- We will make a positive impact on the health of our community through support of the Medical Center's mission and priorities.
- We will maximize annual support to meet immediate needs and develop a strong endowment to allow flexibility for future capital and special project needs.
- We will exceed the expectations of our donors and our community through diligent leadership and exemplary stewardship.

LEADERSHIP

On behalf of the Madison Valley Medical Center Foundation Board of Directors, we thank you - individual donors, local businesses and organizations, employees, physicians, and volunteers - who have partnered with the Foundation to bring the very best in quality health care to those in our community.

BOARD OF DIRECTORS

THANK YOU...

Dear Friends,

A circle of community giving is neighbors helping neighbors. This is what makes a community vibrant and strong. For the people of the Madison Valley and southwestern Montana, this sense of stewardship is truly visible through the generosity of those who support the Madison Valley Medical Center Foundation. For nearly 60 years, the philanthropic nature of our community has enriched the services and medical expertise offered by the Madison Valley Medical Center, allowing them to provide the highest in quality care and leading edge technology.

As you read through this report, you will discover a list of accomplishments, programs, financial information, grants, sponsors, and donors of the Foundation for the past year. These accomplishments comprise only a portion of our efforts but will help to focus on a few noteworthy achievements.

Also, included this year is a story from community members who have supported the Foundation year-after-year. Their support has been vital and we applaud their efforts.

Whether you have participated in one of our special events, remembered Madison Valley Medical Center Foundation in your estate planning, or provided a gift to support a particular program or a Medical Center department, you are making a difference in the lives of those who live, work or travel in Madison County and southwestern Montana.

A handwritten signature in blue ink that reads "Mary G. Oliver". The signature is fluid and cursive, with a large loop at the end.

Mary G. Oliver

President, Madison Valley Medical Center Foundation BOD
Vice President, First Madison Valley Bank

FINANCIAL SUMMARY

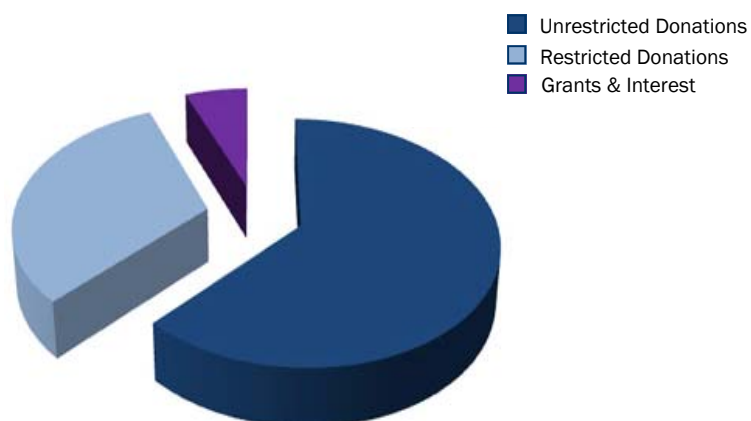

Madison Valley Medical Center Foundation's philanthropic activities resulted in the following financial summary for Fiscal Year 2010 (October 1, 2009 – Sept. 30, 2010).

Financial Statements of the Madison Valley Medical Center Foundation are audited annually by Independent Public Accountants.

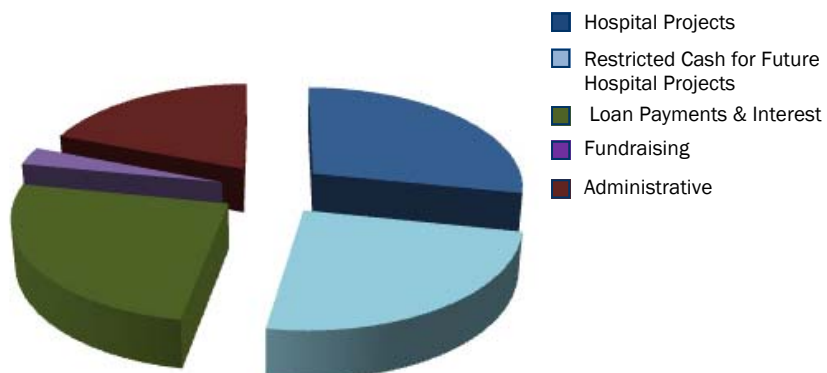

This report is published independently of the Madison Valley Medical Center's annual report.

2010 FISCAL YEAR

EXPENSES

THE MADISON VALLEY MEDICAL CENTER FOUNDATION ACCOMPLISHMENTS

Delivering, but only with your help. Through your donations, together with the Medical Center, we work hard to provide the members of our community with a full range of health care services, treatments, procedures, diagnostics and health education programs.

- The Madison Valley Medical Center has six Board Certified providers on the medical staff: Dr. R.D. Marks—Chief of Medical Staff, Dr. Curtis Blake, Dr. Patricia Moran, Cary Wilson PA-C, Nancy Fitzpatrick PA-C, and Martin Hensel PA-C. This is the greatest selection of qualified health care providers in the Medical Center's history.
- Endoscopy procedures, including colonoscopies, as well as cardiology services became available. A Colonoscopy is used to directly see the lining of the colon to look for conditions such as cancer, colitis (inflammation of the colon) and diverticular disease (small pockets on the colon). In addition, a colonoscopy is used to evaluate an abnormality seen on other imaging tests such as CT scans and barium studies.
- The purchase of special medical equipment, an ultra sound transducer to detect early signs of peripheral arterial disease damage, defects, or blockage in the peripheral arteries (PAD).
- The Spring and Fall Health Fairs were well attended by more than 600 Madison County residents who desired tests, screenings as well as H1N1 Flu shots which help to not only prevent a vaccinated individual from developing a potentially serious disease, but they also help protect the entire community by reducing the spread of infectious agents.
- Annual Art Reception and Exhibition Fundraiser netted over \$7,000 with proceeds benefiting the Medical Center's operating needs.
- Donor recognition signage in the lobby and throughout the facility.
- Website created to learn more about Medical Center's medical team, patient services- emergency care, clinic and hospital, how to donate to the Foundation, employment, and how to become more involved.
- Irrigation system, curbing and paving and seeding of prairie grass installed outside the Medical Center.

MAJOR GIFTS INCENTIVES - GRANTORS MAKING A DIFFERENCE IN THE HEALTH OF OUR COMMUNITY

The impact we have had working in partnership with forward-thinking foundations across the country has made a difference in the health of our community.

GILHOUSEN FAMILY FOUNDATION: HIRING PHYSICIAN

The Gilhousen Family Foundation is a private, family directed grant making foundation that was established in 2000 by Klein and Karen Gilhousen. The Foundation is led by Klein Gilhousen the Foundation's President. Headquartered in Bozeman, Montana, the Foundation awards grants through a diverse regional funding program in the Gilhousen family's home community of Gallatin County, MT. The Foundation supports projects that allow people to more actively participate in society, through access to spiritual development, education, and healthcare. The Gilhousen Family Foundation also makes grants outside of Montana to pre-selected organizations. In Fiscal Year 2010, the Foundation's assets reported are approximately \$4,332,500 and it awarded grants in excess of \$2,000,000.

DYSON FOUNDATION: GENERAL OPERATING SUPPORT

The Dyson Foundation is a private, family-directed grant making foundation established in 1957. The Foundation is led by Robert R. Dyson who has served as the Foundation's President since 2000. Headquartered in Millbrook (Dutchess County), New York, the Foundation awards grants through a diverse regional funding program in the Dyson family's home community of the Mid-Hudson Valley of New York State. The Dyson Foundation also makes grants outside the Hudson Valley to pre-selected organizations. The Foundation's assets presently stand at approximately \$270,000,000 and in the year 2010 it awarded grants in excess of \$17,500,000.

LEGACY SOCIETY

The Legacy Society offers the opportunity to create a personal legacy to benefit the Medical Center Foundation. Through compassion and foresight, Planned Gift donors allow the Foundation to fund various needs to make a difference for the patients in our community.

At the Madison Valley Medical Center Foundation, the concept of legacy is uppermost in all we do; for there is nothing more compelling than knowing that the work we do now will provide comfort and care for years to come for people we may never know.

Donors to the Foundation also

understand and embrace this as a reason for generous gifts, both during their lifetimes and afterward through bequests and estate-related contributions. Estate and Planned Giving is one of the most convenient, valuable and tax-favorable ways for supporting the work of the Madison Valley Medical Center Foundation. A member of the Foundation's staff or board will facilitate a meeting with you and your financial advisor or attorney to discuss ways you may make an investment in healthcare for your community.

The types of planned gifts include:

- ◆ Bequests
- ◆ Bank Accounts and CD's
- ◆ Charitable Gift Annuities
- ◆ Charitable Remainder Trusts
- ◆ Life Insurance
- ◆ Charitable Lead Trusts
- ◆ Life Estate Contracts

DISTINGUISHED DONORS

The following major benefactors in 2010 have reached a lifetime giving level of \$10,000 or greater to the Madison Valley Medical Center Foundation.

Dr. Kirby & Janice Alton

Stephen & Gretchen Burke

Lisa Canter

The Edsall Family Fund
(of the Montana Community Foundation)

The Fossel Family

Ted & Heidi Gildred

Stan & Ann Kroenke

Roger Lang Jr.

Rio Tinto Minerals/Luzenac America

The Otter Cove Foundation/Peter Reid

Howard & Brenda Sheridan

Leroy & Jean Thom

The Wallin Foundation

Featured Distinguished Donors — Heidi and Ted Gildred

Philanthropy is an integral part of Heidi and Ted Gildred's lives. They believe in giving back and have been gracious supporters of several important Foundation projects. The Gildreds have a personal interest in the Madison Valley Medical Center, as the Madison Valley is their second home.

When asked why Heidi and Ted have chosen to give so generously year-after-year they reply: *"We want to give something back that benefits the entire community. Many residents were not aware that the original Ennis hospital would have been closed as it no longer met the minimum standards required for small, rural medical facilities to receive various government funds. We were fortunate enough to learn of the urgency, and felt building a new medical center was imperative. This was the first Foundation project that we committed to, and over the years, the Medical Center continues to be the most important philanthropic effort we can support now and going forward. We are overjoyed to see the results of the community coming together to support the Medical Center so that the Madison Valley district will continue to have a first class medical center to provide quality healthcare to all residents and visitors now and in the future."*

COMMUNITY DONORS

The following contributors generously partnered with the Madison Valley Medical Center Foundation in fulfilling its mission of providing high quality, compassionate health care for our community. We gratefully acknowledge every individual, business and organization. The following lists reflect gifts received during the period October 1, 2009 through September 30, 2010 which are not listed previously in this report. Every effort has been made to ensure accuracy in listing all donors. We apologize for any omissions or errors.

CORNERSTONE CLUB

Cornerstone Club members are the base of the Madison Valley Medical Center Foundation.

Through the Cornerstone Club, donors become part of the legacy established when the hospital's founders placed the original cornerstone in 1950 - a strong tradition of philanthropy and community giving.

Through quarterly donations, Cornerstone Club members provide the Foundation with a consistent and reliable source

of funding that allows us to plan ahead for the needs of the Medical Center.

This is a wonderful example of how the generosity of our donors at all levels of giving provide the financial support that enables the Foundation to continue its mission of providing quality, compassionate care to all those it serves in our community.

To become a Cornerstone Club

member, individuals make a commitment pledge annually, payable over a period of four quarters. Those who join on or before March 31, 2011 will be recognized as founding members of the Cornerstone Club.

MADISON VALLEY MEDICAL CENTER AUXILIARY HIGHLIGHTS

The Madison Valley Medical Center Auxiliary is a group of dedicated women and men who volunteer their time and services throughout the year to support the Medical Center's mission and advance the comfort and care of patients.

From ventures such as the Madison Valley Medical Center Boutique Cart to popular events held throughout the year, the Medical Center Auxiliary supports

community wellness through innovative community partnerships and fundraising.

The Auxiliary celebrated several successes including:

- ◆ The sale of Madison Valley Home Tour Tickets netted proceeds of over \$3,300. Over 120 men and women enjoyed meeting the home owners and touring the six distinctive homes.
- ◆ Boutique sales with \$720 in proceeds raised.
- ◆ Served 4,262 volunteer hours.
- ◆ Assisted 5,780 patients and visitors.

GOING BEYOND

With our faithful supporters, the Madison Valley Medical Center Foundation is fulfilling dreams, making progress in improving the health and well-being of the people throughout southwestern Montana.

The opening of the new Medical Center in early 2009 was a significant step toward this goal. Your Foundation has raised funds to help equip the new facility.

And now, we are playing a major role in fundraising efforts so that the proceeds can be used for major needs of the hospital and clinic to ensure the future of the highest-level of care to the people of the Valley.

The lives we touch in the region are countless. Your generosity and participation are the essence of our success this year as in years past. No matter how big or small, donations of all sizes are sincerely appreciated.

Your support helps to narrow the gap between what is possible and what is affordable for many people in our community. It is this tradition of caring that makes our health system so special.

We try to minimize our use of paper by utilizing our website for annual report storage. If you do not wish to receive copies of this report in the future, write us and ask to have your name removed from our mailing list.

The Madison Valley Medical Center Foundation has tried to be as complete and accurate as possible in listing contributors for the 2010 Fiscal Year. If a mistake has been made or a name omitted, please notify our office at 406-682-6641.

As always, we thank you for helping us provide the highest quality health care to citizens of the Madison Valley and southwestern Montana. Visit www.mvmcf.org.
