OUR MISSION

Madison Valley Medical Center Foundation is a community based, not-for-profit corporation, which exists to inspire gifts and grants from individuals, foundations, corporations and other entities to support the health and well-being of people in Madison County and adjacent communities throughout southwestern Montana.

OUR VISION

Madison Valley Medical Center Foundation will be the premier organization for ensuring the understanding and funding of health and wellness needs in our region.

- We will make a positive impact on the health of our community through support of the Medical Center's mission and priorities.
- We will maximize annual support to meet immediate needs and develop a strong endowment to allow flexibility for future capital and special project needs.
- We will exceed the expectations of our donors and our community through diligent leadership and exemplary stewardship.

LEADERSHIP

On behalf of the Madison Valley Medical Center Foundation Board of Directors, we are extremely grateful to - individual donors, local businesses and organizations, employees, physicians, and volunteers - who have collaborated and contributed to the strength of the Foundation to bring quality healthcare to those in our community.

THE POWER OF COMING TOGETHER...UNDERSTANDING AND MEETING THE NEEDS OF OUR COMMUNITY

Dear Friends,

Your understanding and ongoing support of the Madison Valley Medical Center is critical to meeting the challenges facing quality rural healthcare. As we all know, community hospitals are representative of community support...both in use of the services offered and philanthropic generosity.

The Medical Center's hospital, family clinic, physical therapy services and health programs are embraced and enhanced by the community and the people they serve. We, the Foundation and the Madison Valley Medical Center, are truly blessed!

As you read this report of achievements and as you walk through the halls of the Madison Valley Medical Center, you cannot help but notice the one thing that has not changed... the high caliber of the physicians, nurses, and other health professionals who care for patients...and the spirit of the volunteers at every level. Every day the staff and volunteers demonstrate that competence and compassion are timeless, that the relationship between physicians and their patients and families is at the very heart of good medicine, and that community-based medicine is an enduring model that has stood the test of time.

While normal operating revenues of rural non-profit medical centers may sustain the status quo, they will not support new or expanded services, medical equipment upgrades/purchases and future facility improvements. Again, it is generosity that makes the difference in providing affordable healthcare and comprehensive medical services for our area residents.

Looking back, over the past year and the past 60 years, it is obvious that our history and our future share the commonality of the generosity of our donors. It is gratifying that this culture of philanthropy is growing even stronger as community members increasingly recognize the strength, the stability, and the value of the Madison Valley Medical Center.

The Distinguished and Honor Roll of Donors is amazing. To them, to our dedicated Board of Directors, and to our tireless staff, we offer our thanks for your understanding...for coming together to meet the needs of our community. We will continue to work toward assuring that our heritage of success will be our own legacy as well.

A handwritten signature in dark ink that reads "Mary G. Oliver". The signature is fluid and cursive, with a large loop at the end.

Mary G. Oliver

President, Madison Valley Medical Center Foundation Board of Directors
Senior Vice President, First Madison Valley Bank

FINANCIAL SUMMARY

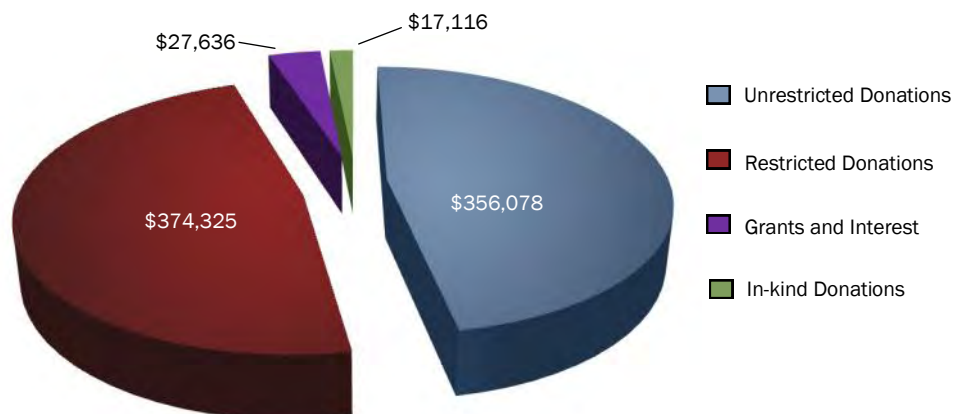

Madison Valley Medical Center Foundation's philanthropic activities resulted in the following financial summary for Fiscal Year 2011 (October 1, 2010 – September 30, 2011).

Financial Statements of the Madison Valley Medical Center Foundation are audited annually by Independent Public Accountants.

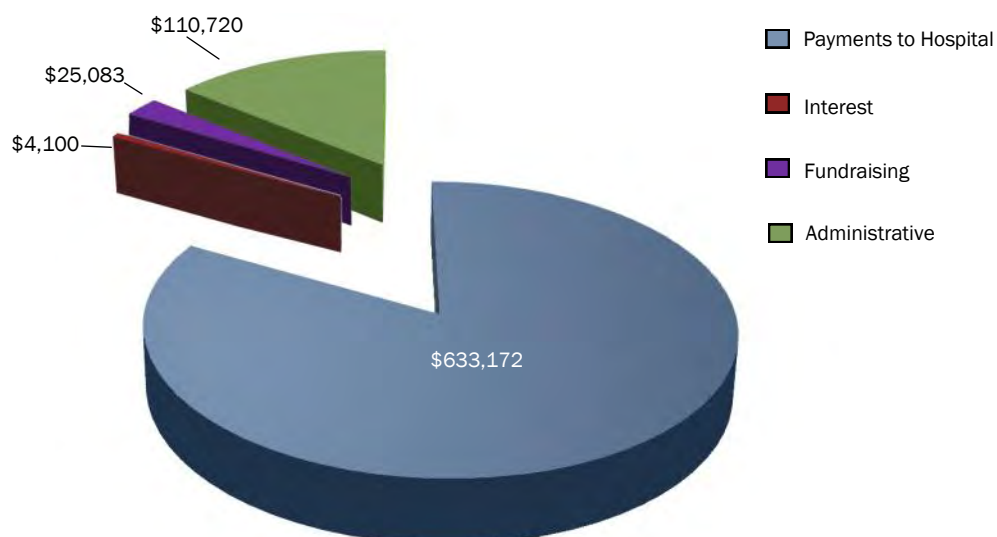

This report is published independently of the Madison Valley Medical Center's annual report.

2011 FISCAL YEAR

INCOME

EXPENSES

ACCOMPLISHMENTS

Delivering to the community, but only with your help. Through your donations, together with the Medical Center, we work diligently to support the community with a full range of healthcare services, treatments, procedures, diagnostics and health education programs.

- Money raised for the Medical Center to install an outdoor brick memorial and honorarium wall of tributes to loved ones and the Madison community.
- Money raised for the Medical Center to purchase Dragon Naturally Speaking®, medical voice recognition software that automates medical staff transcription reducing turnaround time for medical documents and curtailing the need for transcription services.
- Money raised for the Medical Center to install dedicated cooling energy retrofits for the Medical Center's computer server rooms, which generates an average annual electrical savings for the Medical Center of just under \$17,000.
- Money raised for the Medical Center to purchase Single-Sign-On software, which allows physicians and physician assistants to navigate electronic patient records with one swipe of a card rather than manually "signing on" each time to access patient information and contribute to the patient's record. This time saving benefit opens up a 20-minute appointment for an additional clinic patient visit.
- Money raised for the Medical Center to purchase six new IV pumps.
- Money raised for the Medical Center to purchase a cautery unit for precision surgery related to endoscopy procedures.
- Money raised for the Medical Center to purchase a forearm reduction unit to allow physicians to maintain the reduction of a forearm fracture for casting.
- Money raised for the Medical Center to purchase a cyro unit for the treatment of benign skin lesions.
- Money raised for the Medical Center to purchase vital ultra sound and portable x-ray diagnostic imaging equipment.
- Money raised for the Medical Center to purchase a new Hill-Rom™ hospital bed. A new bed provides comfort for patients that in turn helps speed up recovery; a comfortable working height that makes it easy for caregivers to perform different procedures; and is easily adjustable to provide musculo-skeletal support for patients with long-term Medical Center stays.
- Money raised for the Medical Center to purchase a parking lot sweeper.
- Money raised for the Medical Center to install prairie grass, shrubs, flowers and trees around the Medical Center complex to be enjoyed year-round by patients, their friends, and families.

CONTRIBUTORS - GRANTORS MAKING A DIFFERENCE IN THE HEALTH OF OUR COMMUNITY

3 RIVERS COMMUNICATIONS: HILL-ROM™ HOSPITAL BED

3 Rivers Communications, with corporate headquarters in Fairfield, MT, is a fifty-eight year-old telecommunications company originally founded as a rural telephone cooperative. Still a cooperative at its core, 3 Rivers has grown and diversified over the years and now offers high-speed broadband Internet, satellite broadband Internet, digital TV and competitive local telephone service in addition to traditional local and long distance telephone service. 3 Rivers Communications was formed as a cooperative and strongly believes in the cooperative principles. In keeping with these ideals, the 3 Rivers Communications Board of Trustees has implemented a Community Enhancement Grant Program. This is a key element of the cooperatives' vision and Strategic Plan to assist in promoting community well being in our service areas. Since the grant program was implemented in 2005, the Board has awarded over \$120,000 to local organizations within all 27 communities served by 3 Rivers.

GOING TO THE SUN RALLY: GENERAL OPERATING SUPPORT

In 2005, Bozeman area resident, Farnum Alston, organized a 40-member vintage car rally that established The Going To The Sun Rally. The Going To The Sun Rally is a non-profit organization whose main charitable event is a five-day vintage car rally for auto enthusiasts. The Rally, which is limited to 40 vintage cars (1972 and earlier), is not a "race" but an historic 1,300 mile "driving adventure" across spectacular countryside in Montana and occasionally adjacent states or Canada. To date, The Going To The Sun Rally has given back in excess of \$320,000.00 to the communities that make Montana such a special place.

LEGACY SOCIETY

The Legacy Society offers the opportunity to create a personal legacy to benefit the Medical Center Foundation. Through compassion and foresight, Planned Gift donors allow the Foundation to fund various needs to make a difference for the patients in our community.

At the Madison Valley Medical Center Foundation, the concept of legacy is uppermost in all we do; for there is nothing more compelling than knowing that the work we do now will provide comfort and care

for years to come for people we may never know.

Donors to the Foundation also understand and embrace this as a reason for generous gifts, both during their lifetimes and afterward through bequests and estate-related contributions. Estate and Planned Giving is one of the most convenient, valuable and tax-favorable ways for supporting the work of the Madison Valley Medical Center Foundation.

The types of planned gifts include:

- ◆ Bequests
- ◆ Bank Accounts and CD's
- ◆ Charitable Gift Annuities
- ◆ Life Insurance
- ◆ Charitable Lead and Remainder Trusts
- ◆ Life Estate Contracts

DISTINGUISHED DONORS

The following major benefactors in 2011 have reached an overall total giving level of \$10,000 or greater this fiscal year to the Madison Valley Medical Center Foundation.

Richard Adkerson

Dr. Kirby and Janice Alton

Homer and Patricia Branch

Stephen and Gretchen Burke

Lisa Canter

David and Connie Clapp

Captain John and Elizabeth Fox

George and Rebecca Zabel Kahrl

Stan and Ann Kroenke

L Heart Foundation, Inc.

The Otter Cove Foundation

Ed and Yvonne Parish

Pam Rentschler

Dr. Howard and Brenda Sheridan

Dale and Karen Sisel

Larry Zabel

**Featured Distinguished Donors —
Mr. and Mrs. Fred and Pam Rentschler**

Philanthropy is an integral part of the Rentschler's life. Prior to Fred's passing, it was the couple's wish to make the Madison Valley and the surrounding community a priority in their philanthropic efforts. *"The Madison Valley Medical Center and Foundation was at the top of our list because we could not imagine this community without the basic necessity of first class healthcare and commitment that our Medical Center has grown to provide. Montana and particularly the Madison Valley give us so much in the way of its landscape, sense of community and the pure enjoyment of profound beauty on a daily basis. How can we not want to give back to a place and people that have made such an impact on our way of life? It is in Fred's memory, honor, and giving spirit that we offer our ongoing support to the Madison Valley Medical Center and Foundation, who continue to make a difference in all of our lives."*

HONOR ROLL OF DONORS

433 Gifts

Thank you to the individuals, companies and organizations that made 433 gifts during fiscal year 2011. The following contributors generously collaborated with the Madison Valley Medical Center Foundation in fulfilling its mission of providing high quality, compassionate healthcare for our community.

The following lists reflect gifts received during the period October 1, 2010 through September 30, 2011, which are not listed previously in this report. Every effort has been made to ensure accuracy in listing all donors. We apologize for any omissions or errors. (Donors listed alphabetically by overall total giving level in each category)

\$5,000 to \$9,999

GREAT TO HAVE FRIENDS - AUXILIARY HIGHLIGHTS

Since 1985, the Madison Valley Medical Center Auxiliary has provided invaluable support that enriches and enhances the health services offered by the Madison Valley Medical Center. For nearly 26 years, the Auxiliary has devoted 100 percent of the funds they raise toward a variety of Medical Center projects.

The Auxiliary's support is quite significant, amounting to more than \$32,000. Over the years, their contributions have supported several im-

portant projects. In fiscal year 2011, the Auxiliary added to their history of generous support \$3,600 from its Second Annual Home Tour. The funds raised allowed for the purchase of two needed items for the Madison Valley Medical Center.

- A floor burnisher, an important piece of maintenance equipment to sanitize floors.
- Organizing bins with supply carts that are easily accessible for patient care.

Each year, the men and women of the Madison Valley Medical Center Auxiliary volunteer a minimum of 4,700 hours in service to patients, visitors, vendors, blood drives, various receptions, fund raising activities, and miscellaneous tasks.

Both the Foundation and the Madison Valley Medical Center is enormously grateful to the Auxiliary for their continuing support.

EXECUTIVE DIRECTOR'S MESSAGE

The power of coming together is evident from the stories and accomplishments in this report. They demonstrate that when people and organizations work together to improve healthcare, the whole is truly greater than the sum of its parts.

Collaboration is at the heart of the Madison Valley Medical Center Foundation as well. We are fortunate to be able to rely on those who recognize the importance of philanthropic partnerships. Some are second-or even third-generation donors; others represent a new, younger wave of philanthropists. The generosity of all our donors helps us do more, so that when members of the community need care, the Madison Valley Medical Center is able to provide affordable healthcare and comprehensive medical services.

Normal Madison Valley Medical Center operating revenues will not pay for the range of new services, medical equipment and facility improvements we wish to provide and our community deserves. That is where the Foundation's work begins. This fiscal year we are delighted that our fundraising initiatives attracted wide support throughout the community. Giving has reached the highest level in recent memory and is a testament to the importance of our goals and to the generosity of those we serve.

We thank you, the community, for your continued unwavering support. Your generosity and participation are the essence of our success this year as in years past.

Christie S. Trapp
Executive Director

We try to minimize our use of paper by utilizing our website for annual report storage. If you do not wish to receive copies of this report in the future, write us and ask to have your name removed from our mailing list.

The Madison Valley Medical Center Foundation has tried to be as complete and accurate as possible in listing contributors for the 2011 Fiscal Year. If a mistake has been made or a name omitted, please notify our office at 406-682-6641.

As always, we thank you for helping us provide the highest quality healthcare to citizens of the Madison Valley and southwestern Montana. Visit www.mvmcf.org.
